January 20, 2009

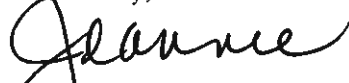

Dear Kevin:

Thank you so much for the incredibly generous gift of \$15,000 from the Alabama Wireless Association!

As you know, The Bell Center is in its 24th year of providing important early intervention services to infants and toddlers with special needs from throughout the central Alabama area. More than 100 children are enrolled to receive services at The Bell Center including physical, occupational and speech therapies, special education services and nutritional counseling. We're excited about how The Bell Center has grown to ensure that all children enrolled are receiving programs that are developmentally appropriate for their needs.

Kevin, I am so appreciative of the Alabama Wireless Association's continuing support – as well as your personal support – of The Bell Center. Thank you so much for keeping us involved with your great tournament!

Sincerely,

Jeannie Colquett
Executive Director

Dedicated to maximizing the potential of children from birth to three years of age who are at risk for developmental delay
